BRINGING FATHER HOME IS PROHIBITION COMEDY

The subject of prohibition will be taken up in comedy drama, "Bringing Home Father" at the Dreamland theatre on Monday when "Bluebird Day" again comes round. The question of woman's suffrage will also be gloriously discussed in mirth-provoking style affording the "punch" to the story when it comes time for the participants in the drama to sample a certain concoction that is offered as a tribute to totalism. Franklin Farnum and "Brownie" Vernon, "The Clock" "The Man Who Took a Chance," and other clever Bluebirds, will lead an excellent cast in getting the fun out of "Bringing Home Father." The story was created by H. O. Davis, general manager of Universal City, Cal., where Bluebirds are largely produced and William Worthington directed the feature with Florence Mayon, Arthur Hoyt and Richard Le Reno leaders of the supporting organization.

STANDARD OIL CO. SEEK TO HOOVERIZE TIN SUPPLY

Each day war necessities are educating the American people to new habits of thrift. This was pointed out today by the local manager of the Standard Oil Co., Mr. Stenstrom, when he referred to economies being made by his company to help conserve the supply of tin. Large quantities of kerosene have been sold in one and five gallon tin cans, but this practice is being discouraged to save tin. The same oil heretofore sold extensively in tin cans, carried a bulk by dealers and can be purchased from them at a considerable money saving as well as at a saving in tin for the Nation's need. So important is this matter of tin conservation that it is a patriotic duty of every American to conserve the supply as far as possible, and one way of doing this is to buy kerosene in five-gallon cans, says Mr. Stenstrom.

NOTICE OF SPECIAL ASSESSMENT PAYETTE-OREGON SLOPE IRRIGATION DISTRICT

Notice is hereby given that the Assessor of the Payette-Oregon Slope Irrigation District has completed his assessment book for the assessment of a special tax of One (\$1.00) Dollar per irrigable acre on all the lands within the district aforesaid, and has delivered said book to the undersigned; and that the Board of Directors, acting as a Board of Equalization, will meet to equalize said assessment at its regular monthly meeting for January, 1918, to-wit: January 3, 1918, at the office of the Board at the pump house within the district.

P. M. BOALS, Secretary of the Board of Directors of Payette-Oregon Slope Irrigation District. First Publication Dec. 6, 1917. Last Publication Dec. 27, 1917.

SUMMONS

In the Circuit Court of the State of Oregon for the County of Malheur. Zoe Takahara, plaintiff, vs. Marcia Takahara, defendant. To Marcia Takahara, defendant: In the name of the state of Oregon, You are hereby required to appear and answer the complaint filed against you in the above entitled suit on or before the expiration of the time prescribed in the Order of Publication, to-wit: On or before the expiration of six weeks from the date of the first publication of this summons, and if you fail to answer for want thereof, the plaintiff will apply to the court for the relief prayed for in the complaint, to-wit: For a decree of divorce dissolving the bonds of matrimony existing between the plaintiff and defendant and for the care and custody of Loma Takahara, the minor daughter of plaintiff and defendant, and for such other relief as the court may seem just and equitable. This summons is published pursuant to order of the Hon. Judge J. H. Biggs, Judge of the said court, duly made and entered December 6th, 1917. The first publication thereof is made this day, December 6, 1917, and the last publication thereof is made the 27th day of December, 1917.

Mr. and Mrs. John Herrold of New Plymouth drove over to Ontario Tuesday on business.

Mass 8:00 P. M.
Pastor, Rev. J. J. McLaughlin.

The Ideal Gift A Pathephone

It is not hard to realize what a tremendous surprise a Pathephone will be for the entire family on Christmas eve. A Pathephone will bring the great artists of the world right into your home.

The Pathephone is different--visibly and audibly different from any phonograph that you have known. Different in cause, different in result, different in TONE and in the means of producing that tone. It is the only phonograph equipped with the **PATHE SAPPHIRE BALL** that glides over the sound grooves that cannot scratch the record, that produces a TONE of mattness, Rocy smoothness. This jewel is a permanent part of the sound box, so there are **NO NEEDLES TO CHANGE** which means undisturbed enjoyment, no needle expense, no lack of music because the needles have run out. And you can play the Pathephone even in the dark (a pleasure impossible with needle-played machines) because the smooth polished surface of the Pathe Sapphire Ball CANNOT in any way injure the record. **Records CAN'T Wear Out**

You can play Pathe records a thousand times without the least impairment of their beauty of tone and without showing perceptible wear on the record!

The Wide Range of Pathephone Styles

There are eight upright models of the Pathephone, ranging from \$25. to \$225. in price; and three art models at \$190. with spring motor and \$200. with electric motor. Stiecarton, William and Mary and Jacobean designs--each equipped with the Pathe Sapphire Ball, each playing both Pathe and the other records, each a triumph of the combined art and skill of the genius of America and the brilliance of France.

Hear the Pathephone today in our Pathe salon!
